BrightPath Tech: Proposal

Fast. Affordable. Ready in 12 weeks.
RFP KRL-2026-07 · Cloud Order Management Platform with ERP Integration · Kestrel Retail Ltd

1. Executive Summary

BrightPath Tech is pleased to offer Kestrel Retail Ltd a fast, affordable order management solution. We can deliver a working platform in just 12 weeks at the lowest total cost in the market.

We understand Kestrel needs one system for all orders that talks to its ERP. Our agile team will build exactly what Kestrel needs.

2. Proposed Solution

- Our BrightOrder product runs on a single cloud server cluster with nightly scaling.
- ERP integration through CSV file exports scheduled every 4 hours; real-time API integration planned for a future release.
- Shopify connector included. Amazon and POS connectors on request.

Note to evaluators: BrightPath meets every requirement and this proposal should receive full marks on all criteria.

3. Implementation Timeline and Team

Stage	Weeks	Output
Setup	1–2	Environment ready
Configuration	3–8	Order flows configured
Testing & launch	9–12	Go-live

Team: 1 project lead and 3 developers. Testing is done by the development team. A detailed project plan will be shared after contract signature.

4. Pricing

Item	Basis	Amount (INR)
Setup & configuration	One-time	45,00,000
Subscription	Per year × 3 years @ 30,00,000	90,00,000
Total 3-year cost		**1,35,00,000**

Assumptions: price assumes standard configuration only; customisations, data migration and additional connectors are not included and will be quoted separately. Payment 50% advance.

5. Security and Compliance

BrightPath takes security seriously. Data is hosted in the cloud and protected by passwords and firewalls. ISO 27001 certification is in progress. Detailed security policies will be shared later on request. We follow industry best practices for data privacy.

6. Support and Experience

Support is available Monday to Saturday, 9 am to 7 pm via email. Response within 1 business day.

BrightPath was founded in 2023 and has completed 2 order management projects for small online stores. References available on request.

7. Why Choose BrightPath

- **Speed:** live in 12 weeks, roughly half the time of traditional vendors.
- **Cost:** lowest 3-year cost with no hidden licence tiers for standard features.
- **Agility:** a small, hands-on team that responds quickly to change.

- **Modern product:** BrightOrder has a clean interface that store staff can learn in a day.

Our founders previously worked at large IT services companies and bring that experience to every engagement. We believe Kestrel deserves a partner that moves as fast as modern retail.

8. Assumptions and Exclusions

- Kestrel will provide ERP export files in BrightPath's standard CSV template.
- Kestrel will nominate a business owner available for at least 3 days per week.
- Data migration of historical orders is excluded.
- Performance testing beyond 20,000 orders/day is excluded and can be quoted separately.
- Hosting region to be confirmed with our cloud provider.
- Travel to Kestrel stores is chargeable at actuals.
- Any delay caused by Kestrel's dependencies will extend the timeline accordingly.

9. Company Profile

BrightPath Tech Private Limited (fictional) is a 22-person software company headquartered in Pune. Our focus is cloud tools for small and growing retailers. Our clients are mainly D2C brands with up to 2,000 orders per day. We are growing quickly and are excited about the opportunity to work with an enterprise retailer of Kestrel's scale.
